

Face to Face After School Clubs Are Back!

Summer Term 2020 - 2021

At Bonus Pastor we are really excited, as restrictions continue to lift, to be able to begin resuming some of our extra-curricular activities face to face! These are run by a range of departments, aiming to provide opportunities, and meet the interests, of each and every pupil.

However current guidance and restrictions do still restrict and limit certain activities, and so the timetable below is unfortunately more limited than our usual offer. Alongside this some activities that involve pupils from multiple year group bubbles will continue to be taking place virtually.

The below timetable is a guide of when these activities take place, however they are subject to change at the leading staff members' discretion.

There is also a wide range of inter-house activities that will be taking place, both in person and virtually, ranging from sports to challenges that pupils can also participate in, see the House section of the website and House boards around school for more details.

Activity	Lead Staff Member	Open to	Time	Location
